The EDCO Board of Directors is seeking a dynamic educational leader with excellent administrative and management skills to lead this long-standing, successful organization. EDCO is a collaborative of 16 urban and suburban school districts serving the Greater Boston area and beyond. It is governed by a board of directors comprised of superintendents and school committee members representing each of the member school districts.

EDCO Collaborative's range of services includes professional learning opportunities for educators, special education and alternative education programs for students with disabilities and at-risk youth, as well as in-district consultation.

In addition, EDCO provides services to youth and adults through a variety of state and federally funded programs, including the Massachusetts Migrant Education Program, the Special Education Surrogate Parent Program, Wrentham Habilitative Center, Boston Public Schools Titles I & II programs, the EDCO Title III Consortium, and the EDCO Youth Alternative Program.

EDCO Collaborative has a long and diverse history, beginning in 1969 as a private consortium of public schools prior to the enactment of the first Massachusetts collaborative legislation and continuing to the present as a public collaborative. EDCO's mission has been consistent throughout its history, focusing on the power of inter-district and inter-agency collaboration to meet the needs of underserved and at-risk students and adults.
